**Protection.**

Life on the road can be tough. **LifeShine** is tougher.

**Autoglym LifeShine Carbon Shield Protection**

LifeShine is a complete vehicle protection system that is professionally applied at the dealership to your car's paintwork, upholstery and glass. It offers you peace of mind by protecting your car from the day you take delivery for the lifetime of ownership, guaranteed.

Road salt, traffic film, strong detergents and the weather are just some of the hazards that can diminish your car's beautiful finish. And that's just on the outside. Things can get just as messy on the inside too, especially with young children.

LifeShine's new formulation, featuring Carbon Shield Technology™, produces superior depth of colour and shine and creates a tough, protective coating on vehicle paintwork for maximum resistance to environmental hazards. Upholstery is protected from marks and stains while glass is coated to improve visibility for safer driving.

Autoglym complimentary aftercare kit.

**Paintwork protection**

All exterior paintwork is treated with a unique protective coating to enhance shine and ensure maximum resistance to environmental hazards, even the severest of winter weather. The water-repellent coating is easier to keep clean and maintains a deep glossy shine.

**Glass protection**

All external side and rear windows are treated with a highly durable, optically clear, easy to clean coating. As you drive, the raindrops roll off to give greatly improved wet weather visibility and safety.

**Upholstery protection**

LifeShine's interior treatment coats each and every strand of your car's upholstery multiple times to create a shell barrier around fabric and leather. Spills and moisture are kept locked out of your car's seating, and are easily wiped away if any accidents do occur.

**Lifetime guarantee**

Autoglym LifeShine is not available on the High Street and must be professionally applied by your local SEAT Dealer. With the LifeShine system you will receive a lifetime guarantee. Subject to reasonable ongoing care your vehicle will remain in top condition, but the comprehensive warranty provides complete peace of mind for the entire duration of ownership. Includes complimentary aftercare kit.

# Autoglym car care.

**A passion for perfection**

Getting great results every time you wash your car is not as difficult as you may think. It just takes the right products, a little time and a bit of know how. Once you've experienced the results of Autoglym Car Care products, there's just no going back.

**High definition wax**  
150g

Provides a lustre and depth of shine normally associated with only the most expensive handbuilt cars. It contains a carefully balanced blend of durable polymers and waxes including carnauba wax.

**Bodywork shampoo conditioner**  
500ml

Gently removes traffic film and surface contaminants and assists in preserving overall appearance. It forms a glossy, water-repellent barrier, which protects and enhances the vehicle's finish.

**Vinyl & rubber care**  
500ml

Gently cleans all interior plastics, vinyl and rubber. Forms a tough but flexible anti-static barrier against moisture, dust, staining and fading on fascias and instrument panels.

**Fast glass**  
500ml

Fast Glass is a highly effective cleaner, free of abrasives, waxes and silicones which leaves no residues but a crystal clear finish. This cleaner is perfect for use inside and out and cuts through dirt easily.

**Aqua wax**  
500ml

Imparts a super-fast brilliant smear-free finish, even whilst the vehicle is wet. No need to dry the car between washing and polishing. Contains carnauba wax for exceptional durability.

**Leather care balm**  
500ml

Leather care balm ensures that your leather has the oils it requires, without leaving any unnatural gloss, sticky or greasy surface residues but a natural matt finish. Use leather care balm twice a year.

**Interior shampoo**  
500ml

The easy-to-use, deodorising spray and wipe formula removes dirt and grime from synthetic fabrics, seats, carpets, door panels, roof linings, vinyl and soft-tops.

**Super resin polish**  
325ml

The ultimate cleaner, polish and sealant, provides exceptional gloss and excellent protection for all types and colours of new or moderately deteriorated paintwork.

**Car glass polish**  
325ml

Contains specialised cleaning and polishing elements which quickly and easily remove all common contaminants, leaving a crystal-clear, smear-free finish.

**Extra gloss protection**  
325ml

An extra-tough protective sealant containing a blend of hard resins and waxes, used to seal clean, dry, blemish-free paintwork that has already been polished.

**Protection.**

# Technology.

## Get connected.

### Full Link software upgrade

Full Link is an innovative technology that keeps the driver connected to their phone without compromising on safety.

The system mirrors the phone display onto the car's infotainment screen, and displays 'driver approved' apps such as text messaging, Google Maps and music.

### How does it work?

To use Full Link, you must use a USB charging cable (commonly supplied with your phone) to plug your phone into a SEAT car with a generation II infotainment system and Full Link installed.

Depending on the mobile handset type, Full Link works with one of three in-car apps:

### Mirrorlink

Works with the latest android phones as an extension of the phone, and works with SEAT Connect, the SEAT Drive app and other SEAT apps.

### Android Auto

Works with the latest android phones (running lollipop 5.0 or higher) to mirror the phone screen. It can work with Google Maps, Google Play Music and various other android apps. Each action is voice controlled to minimise driver distractions.

### Apple CarPlay

Works with the iPhone 5 and later generations. It can work with apps like Siri, music, messages and Apple Maps.

# An extra **pair of eyes.**

All our Nextbase dash cams come with a ‘Go Pack’, including an 8GB SD card and Nextbase carry case – everything you need to get started.

Mii | Ibiza | Arona | Leon | Ateca | Alhambra

### Nextbase 212

With an all-new design, the 212’s Powered Magnetic Click&Go Mounting system uses magnets and powered touch points in the mount, allowing the dash cam itself to be free from wires, making instant removal and re-application of the device simple and quick – the ultimate in convenience.

Its 1080p HD footage filmed through Six-Element Sharp Lenses make it the best HD dash cam at its price point – an ideal choice for the newer driver.

### Nextbase 312GW

Introducing the most connected dash cam in the world. The 312GW features inbuilt Wi-Fi, allowing you to download footage to a smartphone before easily sharing it with friends, family, an insurance firm or the police.

After using the Wi-Fi to connect to an iOS or android device, the Nextbase app becomes your personal mobile store for footage you want to keep and share.

### Nextbase 412GW

The Nextbase iN-CAR CAM™ 412GW pushes the boundaries of what a dash cam is capable of, featuring QUAD HD 1440p footage, which delivers stunning image quality at 30 frames per second. The 412GW uses six-element sharp lenses, made up of 6 layers of glass to provide the ultimate in picture clarity, with a 140° viewing angle able to capture the entire road ahead.

In the event of an accident, the clear and crisp footage is perfect for providing instant evidence to support an insurance claim.

### Nextbase 512G

The 512G is Nextbase’s very latest dash cam, offering key features that previously were only found in top end digital camcorders.

The Nextbase 512G is the world’s first dash cam with an anti glare polarising filter to cut out windscreen reflection and ensure you get the very best footage possible. This is combined with the latest Sony Exmor sensor for ultimate picture clarity.

### Kenwood drive safety camera

Exclusive to the Volkswagen Group, the Kenwood DVR-410 is more than just a dash cam – it offers numerous safety features too: lane departure warning, forward collision warning, vehicle in-front movement warning, remains active when the driver is absent from the vehicle, built-in impact sensor (G-sensor).

Mii | Ibiza | Arona | Leon | Ateca | Alhambra

#### **First aid kit**

A first aid kit is compulsory in Austria, Greece and several Eastern European countries. Contains everything required for first aid, in a red, zip fastened bag.

#### **Folding shovel**

Pointed black shovel (triangular shaped) that folds into three parts (shovel, central bar and triangular handle). Adjustment nut on central bar to secure shovel and handle. Saw on one full side (side and tip). Black case with overlap close.

#### **Jump start kit**

An independent energy unit to charge tablets or mobile phones and can be used as a flashlight. It provides protection against short-circuits, over-charging and discharging. There are two different batteries available to choose from.

#### **LED flashlight**

With a high quality and long lasting LED, the flashlight can be recharged in the 12v socket. Capable of up to 1.5 hours of operation.

#### **High-visibility vest**

Compulsory in a number of EU countries including Italy, Spain, Portugal, Austria, France and Croatia.

#### **Ice scraper**

Remove heavy snow easily from roof, bonnet and luggage compartment of your vehicle. The telescopic handle extends to 49 inches, offering maximum reach.

Let your car reflect your lifestyle. Wherever you are heading, when you're equipped with the right practical accessories, you can enjoy the journey even more. Choose from a range of additional SEAT accessory packs.

# Pet packs.

Keep your furry friends safe and relaxed on every journey with one of our dedicated accessory packs, which also provide protection for your SEAT from muddy paw prints to pet hair.

With cargo separation grille and protective seat cover.

Ibiza | Arona | Leon | Ateca | Alhambra

With cargo separation grille and protective luggage compartment lining.

Ibiza | Arona | Leon | Ateca | Alhambra

## Cargo separation grille

Keep your best friend happy in the back with this grille, separating the boot from the rear passenger space. Made of a black powder coated tubular frame with wire mesh, install behind the rear seat.

## Protective seat cover

To protect the rear seats of your vehicle and prevent damage due to scratches, damp or hair, the most practical solution is the protective car seat cover. Take your pet with you and forget about cleaning the vehicle each time you go out.

## Protective luggage compartment lining

Perfect for carrying animals. Completely covers the boot floor and sides preventing animal fur and dirt from becoming attached. Waterproof and prevents any damp from seeping through.
